A New Big Dynamo.

It is expected that the "no power" cry will no longer be raised on the street car line after the new 200-horse power Westinghouse dynamo, which is now being put in the power house, has been erected. The machine weighs about ten tons, and will run all the cars on the line. The old machines will be used for reserve power.

Lecture on Switzerland.

Dr. Wilbur L. Davidson will lecture on Switzerland next Tuesday evening. This is one of the lectures in the Young Men's Christian Association popular course. Seats will be put on sale at the association building Saturday morning at 8 o'clock. The lecture will be magnificently illustrated by elegant stereopticon views. Dr. Davidson is possessed of a fine voice and he completely captivates his hearers.

Children's Masquerade Rehearsal.

The first rehearsal of the children who are to take part in the children's masquerade at Arion hall on February 5, took place yesterday afternoon. Several fancy dances and special drills are on the programme, and the ladies say the masquerade will be a unique and beautiful affair. The committee having the ball in charge are Mrs. Killmyer and Mrs. Fred Schwetfeger, and the Misses Keim and Breidenstein and Miss Amelia Schwetfeger.

The case of Andrea Marino vs. Mrs. C. Neuman, on appeal, was dismissed on motion of plaintiff's attorney, as Marino has disappeared.

It was ordered that ten additional jurors be drawn and summoned for Part One, to serve on and after the 27th inst.

Mrs. Longshore Potts.

In these days of fads and in comprehensible science, when the public has been surfeited with the fallacies of "mind cures" and "Christian science" it will be a relief to listen to a series of lectures based on a thorough medical education. Such a course of lectures Mrs. Dr. Longshore Potts will deliver, commencing Tuesday afternoon at the Opera house. She has gained great renown both as a lecturer and physician. In a recent lecture delivered in Chicago, she said: "Ladies, 'know thyself' is an old Greek proverb, and had it been observed, even since the discovery of America, in place of homes being filled with sick, complaining women and diseased children, we would have a nation of women as fair as Louise Kellogg, as erect as Jennie Miller and as brainy as Mary Livermore."

The first of the lectures to women only will be given Tuesday afternoon and will be free. Friday evening of next week she will address both sexes on the always interesting subjects "Love, courtship and marriage."

THE NEW CITY HOSPITAL

Directors Elected—The Hospital Soon to be Opened.

WELL EQUIPPED OPERATING ROOM

And a Children's Ward Features of the Building—Private Rooms Being Furnished and by Whom—The Opening of the Hospital to be Made Memorable.

The first annual meeting of the stockholders of the new city hospital was held yesterday afternoon. The following directors were elected: Rev. Dr. R. Rush Swope, Hon. N. B. Scott, W. A. Wilson, Morris Horkheimer, Alfred Paul, S. S. Bloch, L. E. Sands, William F. Stifel, Howard Hazlett, F. J. Park, H. F. Behrens and Henry M. Russell. The board organized immediately, and elected Rev. Dr. Swope, President; William F. Stifel, Vice-President; L. E. Sands, Secretary, and Alfred Paul, Treasurer.

The committee having in charge the fitting up and equipping of the new hospital is hard at work, and expects to be able to formally open the building on February 4. The first and second floors of the house are being furnished at present, and the top floor will be left unfurnished until the demand for rooms renders it advisable to complete the equipment of the entire building. A number of private rooms are being handsomely furnished by different parties. The rooms now being worked on are those of the Cyrene Commandery and Wheeling Commandery, St. Matthew's church, First Presbyterian church, the Travelers' Protective Association, Mr. H. K. List and Mr. S. S. Bloch. The surgery will be fitted up by the ladies of the First Presbyterian church, the dispensary by the ladies of the U. P. church, the kitchen by the King's Daughters of St. Matthew's church and the reception room by the ladies of St. Matthew's church.

The operating room of the new hospital is thoroughly fitted up with the best appliances, and is said to be superior to anything of the kind in Pittsburgh, or even perhaps in Cincinnati. One feature of the new hospital is the children's ward on the second floor. It is a large, airy, well lighted and cheerful apartment. The hospital has as yet received no endowments, though one gentleman has promised it the sum of \$300 a year for five years; he will then donate the sum of \$5,000 for the endowment of a room.

The ladies are preparing an attractive programme for the opening on February 4. Refreshments will be served in the afternoon, and in the evening addresses will be delivered by the ministers of the different churches and the gentlemen who have been prominent in carrying out the hospital project.

WHEELING & CONNELLSVILLE

Still the Subject of much Discussion along the Route.

The Waynesburg Messenger says: "We have nothing specially new or startling relative to the Wheeling & Connelleville railroad. From a private letter just received from Wheeling by a gentleman of this place, whom we know to be honestly and earnestly in favor of the enterprise, we learn that a corps of engineers at work on the road had reached the Pennsylvania line in the valley of Big Wheeling creek ten days since. This force had been delayed by the sickness of their chief, accident and the calling back of the party to survey some short tunnel routes. The letter says: 'It is the general understanding here that the line is to run via your place, reaching Waynesburg by way of either Gray's or Brown's Fork of Ten Mile, and I have nothing to change my opinion that this general line will be selected.' As so often said before, we cannot help believing that the Wheeling & Connelleville railroad will be built in the near future, and that this route will be selected. It should be the duty of every one, therefore, to aid and encourage the enterprise to come right down through the middle of Greene county, where it has almost a natural route from one end to the other."

The Most Pleasant Way of preventing the grippe, colds, headaches, and fevers is to use the liquid laxative remedy Syrup of Figs, whenever the system needs a gentle, yet effective cleansing. To be benefited one must get the true remedy manufactured by the California Fig Syrup Co. only. For sale by all druggists in 50c. and \$1 bottles.

The Wheeling Building Association is successfully organized with about 2,500 shares taken, enough to make it profitable. But there is still room for new shareholders. It is now twelve weeks old and all the money received has been loaned to its members at a good premium. New members received every Saturday night at office of Franklin Insurance Company, No. 35 Twelfth street. It is only necessary to pay up back dues, and that can be done in installments.

To be free from sick headache, biliousness, constipation, etc., use Dr. A. S. Todd's Liver Pills. They gently stimulate the liver and free the stomach from bile.

Ew. L. Rose & Co. on taking their yearly inventory find that they have a number of fancy wood Sewing Machines, which they will close out at special prices rather than carry them into another year.

ALMOST as palatable as cream. It can be taken with pleasure by delicate persons and children, who after using it are very fond of it. It assimilates with the food, increases the flesh and appetite, builds up the nervous system, restores energy to mind and body, creates new, rich, and pure blood, in fact, rejuvenates the whole system. This preparation is far superior to all other preparations of Cod Liver Oil. It has many imitators, but no equals. The results following its use are its best recommendations.
